Following their success coordinating stylish, personalised weddings at luxury Thailand resorts, the girls from Take us to Thailand are now creating exclusive weddings at Koh Samui's top private villas. A Thailand villa wedding affords you the ultimate in event personalisation, privacy and the flexibility to include whatever you like on your wedding day – from fireworks to lantern launches! Experience decadent dining, fresh fruit cocktails and blissful surrounds when you choose one of Thailand's stunning villa options. YL Residence Number 17, a resort available solely for private rental, is the latest addition to Take us to Thailand's wedding venue offerings. Located on Koh Samui's secluded south, Take us to Thailand's directors Anna Robinson and Natalie Doherty believe YL Residence is a perfect choice for weddings and intimate group stays. With 10 separate bedroom/ensuite suites, a spacious lounge and dining room and personal chauffeur, this property is pure indulgence. Fabulous set up options including beachfront terrace, lawns or sand locations make for a truly picturesque wedding day. Other decadent villa choices include centrally located The Cove, and neighbouring Baan Chom Pha. Set on private coves north of Chaweng beach, a short drive from the heart of Koh Samui's nightlife, these luxury villas sleep up to 12 adults and offer private infinity pools, massage beds and personal staff set amidst spacious grounds and beautiful ocean views.
